Preschool Combo

Our preschool Combo Class includes age-appropriate lessons in ballet, tap, and acrobatics. Each class begins with tap, which children will learn basics like marches and heel digs, as well as traditional tap steps like shuffles and ball changes. After children change into ballet shoes, they learn simple barre exercises, stretches, and circle games. Finally, the children head to the gym mats to focus on rolls, crab walks, cartwheels, and more for a creative and fun filled class!

Hippity Hop/Acro Combo

This combination class of hip hop and acrobatics is sure to get your little one to "wiggle it just a little bit!" This 45 minute lesson will incorporate a fun, fast moving age appropriate style of hip hop dance with pop music so that your child will increase their confidence and express their creativity while being supported in a safe environment with our experienced warm loving teachers.
